PROFESSIONAL SUMMARY

Front-End Developer in training with hands-on experience building responsive web applications using React, JavaScript (ES6+), HTML5, and CSS3. Experienced with REST API integration, responsive design, and modern web development practices. Seeking a Front-End Development internship to contribute to real-world projects while expanding my technical skills.

TECHNICAL SKILLS

- **Programming languages:** JavaScript (ES6+), HTML5, CSS3, SQL
- **Frameworks:** React, GSAP
- **Tools:** Git, GitHub, Figma
- **Concepts:** REST APIs, Responsive Design, UI/UX Best Practices, Asynchronous JavaScript (fetch, promises), Programming Logic.

EDUCATION

Anhanguera | 2024 - 2027 (expected)

Bachelor of Information Systems

Relevant Coursework: Computer Networks, JavaScript Development, Algorithms and Programming, Data Modeling.

PROFESSIONAL EXPERIENCE

Tekol- Computer Operator | October 2024 - Present

- Created and maintained digital reports, providing technical support to users and troubleshooting hardware and software issues.
- Organized and validated data for tax-related processes, supporting the standardization and verification of information to ensure accuracy and consistency.

PROJECTS

Weather APP

Developed a weather forecast application that consumes the OpenWeather API to display real-time weather data. Implemented asynchronous requests using the Fetch API, error handling, and dynamic UI updates.

Tech stack: JavaScript (ES6+), HTML5, CSS3, REST API.

Demo: <https://abraaogg.github.io/Js-Projects/weather-app/>

TASK MANAGER APP

Developed a task management web application featuring task creation, deletion, and completion tracking, with task categorization and form validation.

Tech stack: React, JavaScript (ES6+), HTML5, CSS3

Demo: <https://todo-list-five-theta-29.vercel.app/>

ADDITIONAL COURSES

- Web Development | WebHub - 2026
- HTML & CSS | Curso em Vídeo 2026
- Algorithms and Programming Logic
Udemy - 2025

Languages

- English- Proficient (C2)
- Portuguese - Native
