PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience building responsive web applications and landing pages using React, JavaScript (ES6+), HTML5, and CSS3. Experienced in REST API integration, interactive interfaces, and animations with GSAP. Knowledge of Git, GitHub, and Vite, with experience developing independent projects for clients. Currently pursuing a Bachelor's degree in Information Systems and seeking opportunities in software development.

TECHNICAL SKILLS

- **Programming Languages** JavaScript (ES6+), HTML5, CSS3.
- **Frameworks:** React, GSAP.
- **Tools:** Git, GitHub, Vite, Figma
- **Concepts:** REST APIs, Fetch API, JavaScript Asynchronous Programming (Promises), Responsive Design, DOM Manipulation.
- **Additional Knowledge:** Programming Logic, Form Validation, UI/UX

EDUCATION

Anhanguera | 2024 - 2027 (Expected)
Bachelor's Degree in Information Systems

PROFESSIONAL EXPERIENCE

Tekol – Computer Operator| October 2024 - Present

- Create and maintain digital reports, provide technical support to users, and troubleshoot hardware and software issues.
- Organize and validate data for tax-related processes, helping standardize and verify information to ensure accuracy and consistency.

FREELANCE FRONT-END DEVELOPER | Independent Project 2026

- Developed a responsive landing page to promote an e-book, addressing the needs of a real client
- Implemented the interface using React, Vite, and CSS, with animations developed using GSAP.

PROJECTS

E-BOOK LANDING PAGE

Built a responsive landing page to promote an e-book for a real client. Developed interactive interfaces and animations using React, GSAP, and CSS, managing the process from implementation through publication preparation.
Technologies: React, JavaScript (ES6+), Vite, GSAP, CSS.
Demo: https://carlos-oliveiraa.vercel.app/

TASK MANAGER APP

Developed a task management web application with features for creating and deleting tasks, tracking completed tasks, categorizing tasks, and validating forms. Technologies: React, JavaScript (ES6+), HTML5, CSS3.
Demo: https://todo-list-five-theta-29.vercel.app/
